

You are invited to an online Camp Internet

Mother ~ Daughter

Family Night

(Fathers, sons, and brothers welcome too!)

Celebrate Amazing Women of the West

Thursday, February 28th, 6-8pm

March in officially Women's History Month and to launch this observation, Camp Internet is hosting a fun online learning night where Mothers and Daughters become our featured guests for online learning fun. The whole family is invited to participate, and men, please bring a story about an amazing woman in your family – maybe an early American pioneer? Or an ancestor who lived in another country?

All of our Family participants will have a chance to see Camp Internet's features on the fascinating art, writings, inventions, and photography pioneered by Amazing Women of the West – plus – we invite every participant to tell us about an AMAZING WOMAN in their own family. This is a great chance to stimulate a little family history telling as you prepare to participate. Look back a few generations, every family is filled with women who have accomplished amazing acts of bravery, survival, exploration, heroism, kindness, healing, or inventiveness. Tell us about the remarkable women in your family, or whom you have had the honor to know.

Celebrate the Women in YOUR Family History!

Join us online and invite the grandmothers and aunts in your family – no matter where they are – to join in online too! All family members welcome
